

# What is the warranty on Fellowes laminators?

Last Modified on 04/13/2022 11:43 am CDT

It will be one or two years from the original date of purchase. The user guide which comes with the unit will provide the details. If you have a Fellowes laminator, please click on the "Contact Us" tab below and submit your question. Please make sure you provide the model number and serial number so we can advise appropriately. Note: we recommend retaining a copy of your original receipt as this provides proof of warranty.
