

What does Fellowes' connected equipment warranty cover?

Last Modified on 05/31/2019 1:44 pm CDT

The connected equipment warranty will protect any device that is plugged into a Fellowes Surge protector from damage due to any type of power surge including distant lightning strikes.

The connected equipment warranty is for five years from the purchase date of the product. In the event that you need to contact us to file a claim under this warranty, please keep in mind that you will need to provide a proof of purchase demonstrating that you are within the five year warranty or the claim will be denied.
