

Does having a product with Microban® protection mean I don't have to clean it?

Last Modified on 12/16/2021 11:04 am CST

No. Microban protection provides continuous antimicrobial protection that fights the uncontrolled growth of damaging microbes, such as bacteria that can cause product deterioration. The added protection Microban offers, helps make the products easier to clean and keeps them cleaner between cleanings, but does not replace normal cleaning practices.
